

The image shows a close-up of the Northwestern University seal, which is a circular emblem featuring an open book and the text "NORTHWESTERN UNIVERSITY" and "1857". The seal is set against a background of a wooden surface.

Northwestern University Feinberg School of Medicine

## Department of Pathology Presents

The Department of Pathology and The Center for Human Immunobiology (CHI) at Northwestern University Feinberg School of Medicine seek a full-time tenure track Investigator at the rank of Assistant, Associate, or Full Professor. Responsibilities include establishing a dynamic, independently funded research program in the area of Inflammation research, while working synergistically and collaboratively with other investigators in the Department of Pathology and CHI, which have tremendous strengths in the areas of immunology and inflammation. Successful applicants are expected to participate in medical and graduate student teaching, as well other departmental and center academic activities. High quality laboratory space, core services, shared departmental equipment and excellent start-up support are provided.

Qualified candidates will hold a PhD, MD or MD/PhD and be scientists or physician-scientists with outstanding research accomplishments and with a record of success in competing for independent research funding. Rank and remuneration are determined by qualifications and experience.

The start date is negotiable, and the position will remain open until filled.

When applying, please upload a CV and cover letter describing your interest and alignment with the position.
